

March 20, 2020

Dear WCC Students and Families,

I hope this letter finds all of you healthy and well during this unprecedented time in our modern history. During this time of uncertainty we are aware that you may have a lot questions and concerns relating to your WCC classes in relation to hours, certification status, dual credits, graduation, etc. As director, I want to personally assure you that we are working diligently to provide more clarity as it becomes available. As many of you know, the current COVID-19 crisis has many on edge and leaves many, many questions in all facets of our lives. This is the same for education. Our guarantee is that the administration and the staff at WCC will do everything in our power to salvage all we can to benefit our students. Please continue to monitor the online learning enrichment activities that your teachers have posted at whitwatercareercenter.org and work to complete as much as possible. This progress will put us that much further ahead when we return.

We look forward to seeing all of you back in May if the situation allows. No matter what the outcome is for the 2019-2020 school year, I am incredibly proud of all of our WCC students and their accomplishments to this point. Stay focused, dedicate yourself to being healthy, and stay connected with your home high schools as well. All of our schools we serve are doing an excellent job keeping their students engaged and on track.

Please be patient as the situation unfolds, practice good hand washing and hygiene, and stay home if possible. Together we all face a lot of uncertainty, but by working together we can come out of this stronger because of it. Please follow us on Facebook, Twitter, and Instagram, and continue to check our website for further information and updates.

Stay tuned and stay healthy,

Steven Dungan, Director of CTE
