June 1, 2016

Centerville-Abington Junior High would like to propose the following changes to the “Part B” portion of next year’s (2016-17) evaluation. We have made changes to the Math and Language Arts percentages to reflect not only the ISTEP growth model but also the passing rate. Another change was to the 7th grade social studies evaluation that also has ISTEP+ results. The final change is to increase the percentages in Vocabulary and NWEA to reflect the effort given to these areas. Also, the percentages are also now in line with the high school percentages.

Proposed:

Teachers of Math and Language Arts for Part B

ISTEP+ Growth Score: 21% ISTEP+ Pass Rate: 20% LIA: 29% NWEA: 15% Vocab.: 15%

7th Grade Social Studies Teacher for Part B:

ISTEP+ Pass Rate: 20% LIA: 50% NWEA: 15% Vocab.: 15%

Teachers who are not assessed by ISTEP+ for Part B:

ISTEP: 0% LIA: 70% NWEA: 15% Vocab.: 15%

Current:

Teachers of Math and Language Arts

ISTEP+ Growth Score: 41% LIA: 39% NWEA: 10% Vocab.: 10%

Teachers who are not assessed by ISTEP+ and 7th grade Social Studies

LIA: 80% NWEA: 10% Vocab.: 10%
