Centerville-Abington Schools' Goal Progress Report

Goal #3: Safe, Secure, and Healthy Environments

Action Steps and Benchmark Update

October 7, 2026

Objective

Administration and support services promote and perform operations that support safe, secure, and healthy environments, given appropriate training and resources.

Maintenance

1 Troubleshoot problems in school buildings and proactively ensure that facilities function properly.

ASSESSMENT Track turn-around time for completed work orders.

BENCHMARK 100% completion of urgent work orders involving safety/security; 90% completion of routine work orders not impacting the educational process.

RESULT 100% completion on urgent work orders; 95% completion rate on all work orders as of September, 2026.

2 Maintain buildings to meet local, state, and federal safety codes and regulations.

ASSESSMENT Review state and local safety inspection reports for deficiencies.

BENCHMARK 100% compliance and/or immediate remediation to correct deficiencies.

RESULT 100% compliance as of September, 2026.

Transportation

1 Bus Mechanics maintain a ready-to-go bus fleet during all days that school is in session.

ASSESSMENT	Maintain operational status for the school bus fleet.
BENCHMARK	100% bus availability for each route every school day.
RESULT	Ready-to-go fleet is currently meeting the benchmark of 100% as of September, 2026.

2 Ensure all buses are maintained at a level that meets or exceeds state requirements.

ASSESSMENT	All buses are maintained at a level that meets or exceeds state requirements.
BENCHMARK	100% compliance with state inspections or immediate remediation to correct deficiencies.
RESULT	94% of buses passed the recent state police inspection as of April 2026 (1 bus ordered repaired). 100% repaired and back in service by May, 2026.

Bus Drivers

1 **Operate a safe bus and promote and maintain a safe environment on the school bus by addressing issues as they occur.**

ASSESSMENT	Monitor referrals submitted by drivers.
BENCHMARK	150 or fewer conduct discipline referrals per school year.
RESULT	There were 159 conduct discipline referrals during the 2025-26 school year.

2 **Drivers will maintain a clean bus that promotes health and safety.**

ASSESSMENT	Conduct random bus inspections.
BENCHMARK	100% compliance and/or immediate remediation to correct deficiencies.
RESULT	73% of buses passed the cleanliness inspection in March, 2026. 97% of buses passed the re-check in April, 2026.

Custodial Services

Buildings will be cleaned at a level that meets or exceeds daily expectations.

ASSESSMENT	Conduct random building walk-thru inspections.
BENCHMARK	95% average inspection items meet or exceed standards.
RESULT	85% of inspection items met or exceeded standards in May, 2026. 90% of inspection items met or exceeded standards in August, 2026.

Food Service

Provide daily meals that meet and/or exceed federal and state nutritional requirements.

ASSESSMENT	Review state audits of the corporation's food service program.
BENCHMARK	100% compliance and/or correct deficiencies to become 100% compliant.
RESULT	Compliant as of the most recent audit by the state of Indiana.

Administrative Team

Create and maintain a culture that prioritizes safety of the students and staff within the school buildings.

ASSESSMENT

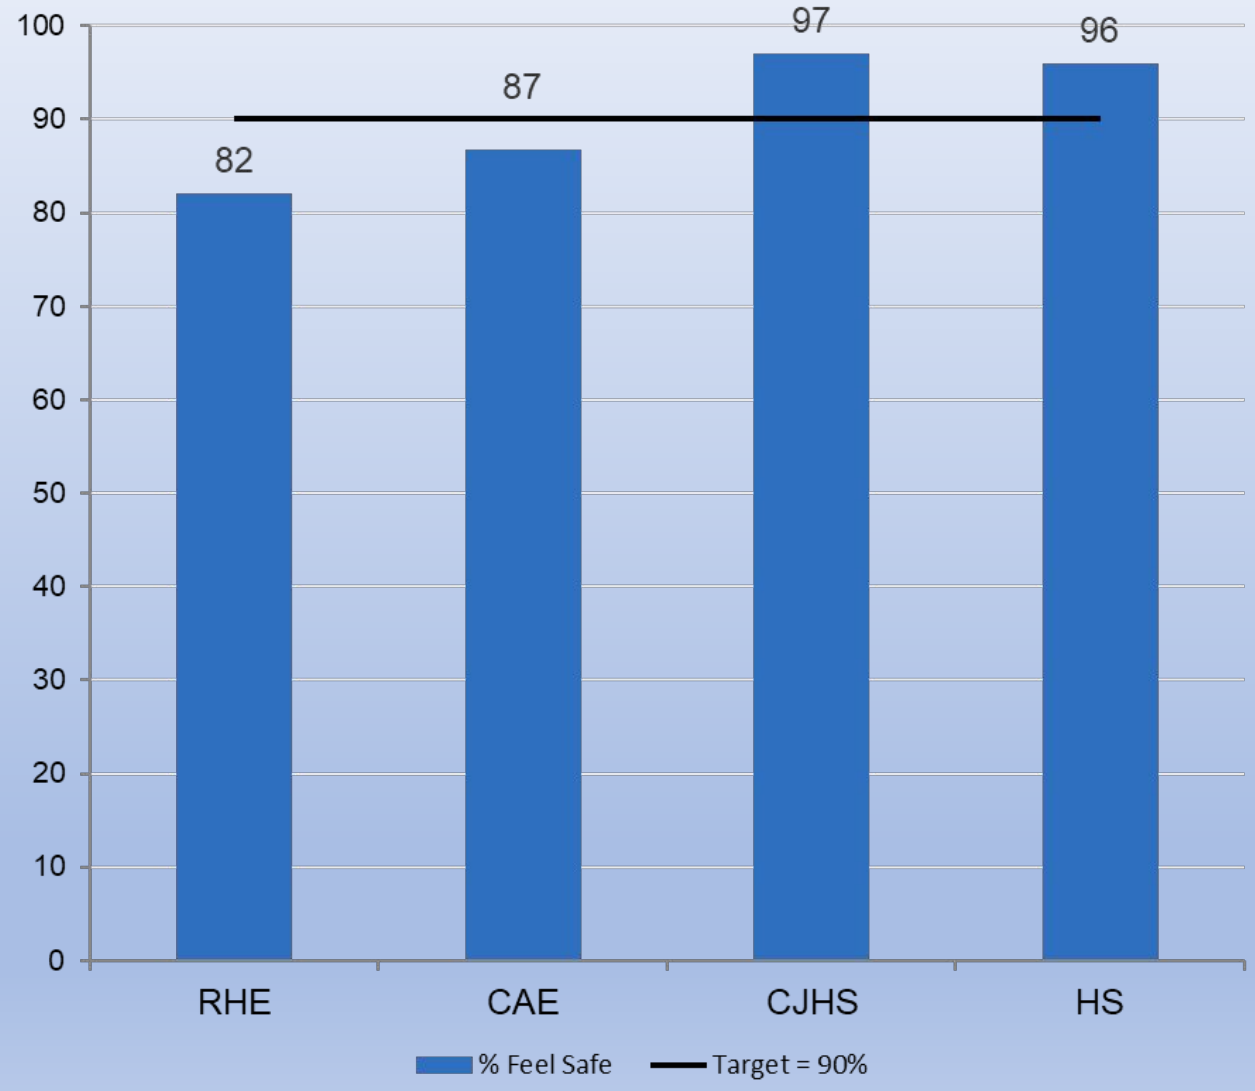
Review D.O.E. accreditation requirements and safety audits.

BENCHMARK

90% of surveyed students feel safe or very safe while attending school.

RESULT

Two of the four buildings exceeded the benchmark of 90%.



Corporation Administrative Team

Provide training and exercises for staff members to identify and respond to a cyber security threat.

ASSESSMENT	Phishing emails initiated by the technology staff.
BENCHMARK	90% compliance by staff members in responding to a cyber security phishing email.
RESULT	98% of staff members compliant in responding to a cyber security phishing email sent in September, 2025.

District Summary

1. There is a strong commitment by stakeholders to ensure the safety and security of students and staff.

2. Centerville-Abington Community Schools is vigilant in monitoring daily operations that need improvement or may benefit from enhancement.

3. These observations form the basis of new goals for subsequent years.
